Gen 1:20-23

Then God said, "Let the waters abound with an abundance of living creatures, and let birds fly above the earth across the face of the firmament of the heavens." So God created great sea creatures and every living thing that moves, with which the waters abounded, according to their kind, and every winged bird according to its kind. And God saw that it was good. And God blessed them, saying, "Be fruitful and multiply, and fill the waters in the seas, and let birds multiply on the earth." So the evening and the morning were the fifth day.

Which came first, the chicken or the egg. An age old question that the world has been asking. But did you know that the bible has the answer? Sure it does and you just read it.

> ✟ *So God created great sea creatures and every living thing that moves, with which the waters abounded, according to their kind, and every winged bird according to its kind.*

The answer is, the chicken.

I know this all sounds kind of silly, but if you think about it, all of life's questions are answered in the bible, you just have to search for them.
Just as the answer here does not state that the chicken came first, we know it did by the way we read that God created all things.
You may be looking for specific answers to some questions, and you probably wont find them in the bible, as the chicken and egg example just showed us, but it doesn't mean the answer isn't there.
Ask the Lord your question, and then ask Him to show you in His word the answer.
You may be surprised to find out that it was there right in front of you all the time.
But maybe you were just looking for the egg as the answer instead of the chicken.

> ✟ **Jeremiah 33:2-3 (NLT)** *This is what the LORD says—the LORD who made the earth, who formed and established it, whose name is the LORD: Ask me and I will tell you remarkable secrets you do not know about things to come.*
