

## Jeremiah 21:8

*"Now you shall say to this people, 'Thus says the LORD: 'Behold, I set before you the way of life and the way of death.'"*

I have written a Christian novel titled "Go Right or get Left". In this book, a young man named Lucky (Lucas) walks with an angel through two different towns in a dream. One is called "Life Town" and the other called "Death Town". At the end he has to decide which path he will walk, either the path to Life or Death.

The Lord has given us all the same journey to walk while here on this earth, The Lord even says it Himself, *"Behold, I set before you the way of life and the way of death."*

As we walk this journey called life every day, we don't really think about everything we do, everything we say, everything we think, and everywhere we go, is on a path to either life or death. Not a physical life or death, but a spiritual one.

But not only our own, but how we direct others and the path that they make walk as well.

Jesus said, *"Can the blind lead the blind? Will they not both fall into the ditch?"* **Luke 6:39**

People are set on following the rich and famous, or just following someone that they think is cool and they want to be just like him or her. But if they are not believers, they can follow them straight to hell, or as God says it, *the way of death.*

People see us as Christians and are watching us, even if you think they aren't, they are. So, if they are watching you, would they want to follow the path you are on or not, and if so, or not so, why would they or wouldn't they?

Do they hear you say religious things or see you pray only for your meal, but your lifestyle is one that is going to hell?

Do they see you as saying you are going to heaven, but you live like you are going to hell?

Or do they see you as one who walks the talk. Sure we all fall and sin, but do you do it blatantly not even caring that you are, or do they see you as repentant when you do fall into sin?

I always say, *"There is one thing better than going to heaven, and that's taking someone with you. But there is one things worse than going to hell, and that's taking someone with you. Where are you going and who are you taking with you?"*
