Jeremiah 1:5

"Before I formed you in the womb I knew you; Before you were born I sanctified you; I ordained you a prophet to the nations."

A few years ago, there was a law that was passed to allow a baby that is full term to be aborted if the mother so chooses. It's sick and disgusting. But not just disgusting at full term, but at any part of the pregnancy. There is also an abortion pill that a woman can take if she fells she may have gotten pregnant.

With those thoughts, think about how in the bible the false god Molech is talked about a lot.

- **Leviticus 18:21** ***And you shall not let any of your descendants pass through the fire to Molech, nor shall you profane the name of your God: I am the LORD.***

This was an idol that had it's hands out and open, and they would heat the hands up red hot. Then they would put their little babies onto the red-hot hands of this idol, and they would burn their babies alive as a sacrifice to Molech. And you can try and argue the fact that these were babies that were already born, therefore it is different then an abortion, and even as you read this it made you feel sick because these were living babies. But it's no sicker than burning a baby in the womb with a solution or ripping it apart in the womb. I do not apologize for calling it what it is, which is murder in the first degree.

One thing I would like to point out in today's devotional verses that God said is: ***"Before you were born I sanctified you; I ordained you a prophet to the nations."*** Before Jeremiah was born, God knew how He was going to use Jeremiah, and that was to be a ***"prophet to the nations."***

In the book I wrote titled book, "*Go Right or Get Left"*, it does talk about abortion, and to set the stage of what was going on. Lucky (The main character of the book) and an angel (that was with him throughout the book) just witnessed a baby being aborted, and after they do the angel said:

> *"There was also a time about 16 years ago, when another child was aborted. The parents didn't realize that this child would have befriended another young boy who shot many of the kids at his school. If this child had been born, then he would have talked him out of it. But the mother saw her baby as an inconvenience instead. So all those little kids who didn't have to, ended up dying. All because of the mother's selfishness."*

All these children aborted, God had a plan for each one of their lives. I wonder if any would had grown to possibly discover a cure for cancer or MS or Alzheimer's or would have invented wonderful things or would have grown up to be great leaders in this country, or mighty men and women of God? But we will never know here on this earth what God had planned for each one of them.

I'm not going to say this is the reason why the USA has gotten so bad and is falling apart, but I will say that it is one big reason.
One quick note: If you have had an abortion in the past, if you give your life to the Lord, He will forgive you of this sin, or if you have given your life to the Lord, He has forgiven you of this sin.

- **Leviticus 20:3** ***I will set My face against that man, and will cut him off from his people, because he has given some of his descendants to Molech, to defile My sanctuary and profane My holy name.***

- **Psalm 65:3 (NLT2)** ***Though we are overwhelmed by our sins, you forgive them all.***

- **Colossians 2:13 (NLT2)** ***You were dead because of your sins and because your sinful nature was not yet cut away. Then God made you alive with Christ, for he forgave all our sins.***
