

Psalms 119:133 (NLT)

***Guide my steps by your word,
so I will not be overcome by any evil.***

Back in the old days we didn't have GPS or cell phones to help us find our way around. We had to rely on paper maps to find our destination. Yet, taking one look at a paper road map they seem hard to read. But if you took a little time to study the map, you would find it's not as hard as it seems. But the key is to stop and take the time to study it before you start on your trip. If not, you could be halfway from nowhere, and you won't know how to get back on the road that you were headed on in the first place.

So you would pull out the map and get frustrated because you can't read the darn thing. But if you took the time before, or even during the trip, studying the road map, then when you seem to veer off course, you could find your way back to where you were headed.

It's the same with our walk with the Lord, sometimes we tend to veer off track, and when we do, as a last resort we pull out our bibles looking for direction. And if we can't seem to find what we are looking for, we get frustrated and just put it down. But if we are in the word every day, studying God's word, then when we veer off course (because we all do at times), we know where to look, because we have studied the road map to life, which is the bible.

So continue on with this trip through life and study the road map along the way. Maybe you won't veer off course as often if you do, and when others do, you know the road map (the bible) so you can help steer them back in the right direction again.
